

Euro-mediterranean Hydrogen Technologies Conference (EmHyTeC2014)

The organising Committee of the Euro-mediterranean Hydrogen Technologies Conference (EmHyTeC2014) is pleased to offer you this opportunity to join us in Taormina (Italy) for the next conference on hydrogen technologies.

This conference will be organized under the best auspices of the Working Party on Etrera_2020, an FP7 project devoted to the reinforcement of euro-mediterranean partnership between research centers and industries working on

renewable technologies. The conference will be centred on the role of hydrogen and fuel cells in the value chain from renewable energy sources to Users.

With this slogan we would encourage Lecturers and Researchers from University, Research Institutions, Industry and end users to participate with a contribution on the topics of the conference.

The website of the conference is <http://www.itaecnr.it/emhytec2014/index.html> [1]

Important dates:

-Deadline for abstract submission

31 May 2014
